

# GERALDINE L. CORNELL Ed.D., RN

## CONTACT

E: gericornell21@gmail.com

(7) Geraldine Cornell EdD, RN |  
LinkedIn

## STRATEGIC SKILLS

Simulation Design & Dvlp  
Education Program Innovation  
Curriculum Design & Evaluation  
Clinical Program Evaluation  
Coaching & Training  
Faculty Development  
Consulting  
Debriefing  
Panel & Public Speaking  
Author  
Case Writing  
Avatar Development  
Entrepreneurship CEO

## CERTIFICATION & LICENSURE

Licensed RN, California  
Licensed RN, New York  
BLS Current  
ACLS Current  
Simulation Certificate, University of Maryland, Institute for Simulation Educators  
Grant Writing, OneOC  
Nurse Faculty, Kaplan, Inc., I-Human  
Simulation Consultant, UC Irvine

## EDUCATION

Stony Brook University,  
School of Nursing  
BS, Nursing: Cum Laude

Adelphi University,  
School of Nursing  
MS, Adult Health CNS

Long Island University,  
School of Education  
Doctorate, Interdisciplinary  
Educational Studies

## COMMUNITY

Women Helping Women,  
Mariner's Church, Nurses United  
Against Human Trafficking,  
NUAHT

## PROFESSIONAL EXPERTISE

### Simulation-Based Education Expert

2015-Current

*Director of Simulation Education, Simulation Consultant, Simulation Content Development*

- **Program Development:** Designed and developed simulation-based, experiential learning programs in alignment with course and program objectives while adhering to national standards
  - **Content & Case Writing:** Authored simulation scenarios including virtual avatars, using technology and leveraging instructional methods based on UG & G learning objectives
  - **Logistics:** Created policies, procedures, templates, worksheets, and checklists to ensure accurate documentation and seamlessly consistent delivery of simulation
  - **Marketing:** Applied change theory and success outcomes to champion and present the use of simulation-based learning to industry conferences and networks
- **Program Assessment & Evaluation:** Leveraged statistical and empirical data to assess level-appropriate, content-rich, simulation-based experiences and their on-going assessment and evaluation
  - **Collaboration & Customization:** Align with content experts to strengthen student outcomes of UG programs including: *Fundamentals, Medical Surgical, OB, Pediatrics, Pharmacology, & Critical Care*; Develop customized programming including nurse practitioner FNP, PNP & AGNP
  - **Testing:** Facilitate program improvement and system analysis through creation and implementation of multiple pilot programs
- **Management & Faculty Development:** Oversaw program management logistics and execution, including faculty development, staff training, budget allocations, and ongoing evaluations
  - **Orientation:** Trained, coached, and mentored staff (including faculty and clinical professors) through 1:1: and group sessions on simulation design and deployment
  - **Resourcing & Evaluation:** Evaluated and developed staff on adhering to consistent teaching methods and running effective briefings; ensured efficient utilization of resources and budget
  - **Course Development:** Created continuing education certificate courses for nurses to enable professional personal development in simulation-based education

### Academic Appointment, Tenured Professor

2002-2019

*Associate & Clinical Professor, Molloy College*

- **Learning Lab, Clinical, Classroom:** Instructed undergraduate nursing students through live, hybrid and online modalities on theoretical principles; Supervised in laboratory and clinical settings to ensure transition of knowledge through practice, critical thinking and critical analyses
- **Course Coordinator:** Analyzed and assessed course management and logistics; collaborated with course faculty to create measurable outcomes
- **Clinical Evaluator:** Evaluated various clinical groups and students in the field; submitted recommendations based on analysis and ensured follow-up post-feedback
- **Graduate & Post-Graduate Mentor:** Mentored Master's Program students in classroom, lab and clinical settings for field experience; PhD students in research projects related to simulation-based education
- **Advisor and Club Advisor:** Guided students through the registration process and ensured awareness of all support services offered; served as Faculty Advisor for the South Asian Cultural Exchange Club whose philosophy embraced cultural diversity through inclusion and celebration

### Clinical Licensed Professional Registered Nurse

1988 – 2005

*Critical Care Clinical Nurse Specialist, Critical Care & PACU Nurse, Clinical Instructor  
Stony Brook University & Huntington Hospitals, New York*
